

**SUMMIT®
SUPER PERMACIDE®-II**

For Indoor/Outdoor residential use to kill: ants, carpet beetles, centipedes, cockroaches, crickets, bees, carpenter ants, earwigs, firebrats, fleas, flour beetles, grain beetles, ground beetles, millipedes, mole crickets, moths, pillbugs, scorpions, silverfish, sowbugs, spiders, ticks and many other crawling insects.

ACTIVE INGREDIENTS:

*Tetramethrin: 0.10%

**Permethrin: 0.25%

***Piperonyl butoxide: 0.50%

OTHER INGREDIENTS†: 99.15%**

TOTAL: 100.00%

*cis/trans ratio: min. 35% (+\ -) cis and max. 65% (+\ -) trans

** (butyl carbityl)(6-propylpiperonyl) ether and related compounds

†Contains Petroleum Distillates.

EPA Reg. No. 6218-79

EPA Est. No. 6218-MD-2

**KEEP OUT OF REACH OF CHILDREN
CAUTION**

**SUMMIT®
SUPER PERMACIDE®-II**

FIRST AID	
IF SWALLOWED:	<ul style="list-style-type: none"> • Immediately call a poison control center or doctor. • Do not induce vomiting unless told to by a poison control center or doctor. • Do not give any liquid to the person. • Do not give anything by mouth to an unconscious person.
IF IN EYES:	<ul style="list-style-type: none"> • Hold eye open and rinse slowly and gently with water for 15-20 minutes. • Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. • Call a poison control center or doctor for treatment advice.
IF ON SKIN OR CLOTHING:	<ul style="list-style-type: none"> • Take off contaminated clothing. • Rinse skin immediately with plenty of water for 15-20 minutes. • Call a poison control center or doctor for treatment advice.
IF INHALED:	<ul style="list-style-type: none"> • Move Person to fresh air • If person is not breathing, call 911 or ambulance, then give artificial respiration, preferably by mouth-to-mouth if possible • Call a poison control center or doctor for treatment advice
NOTE TO PHYSICIAN: Contains petroleum distillate. Vomiting may cause aspiration pneumonia.	
HOT LINE NUMBER: Have the product container or label with you when calling a poison control center, or doctor, or going for treatment. For additional information on this product (including health concerns, medical emergencies, or pesticide incidents), you may the National Pesticides Information Center (NPIC) at 1-800-858-7378 seven days a week, 6:30 am to 4:30 pm Pacific Time (NPIC Web site: www.npic.orst.edu).	

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

CAUTION

Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. Remove and wash contaminated clothing before reuse. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals.

User Safety Recommendations

Users should wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet. Users should remove clothing immediately if pesticide gets inside. Users should remove PPE

ATTENTION: This specimen label is provided for informational use only. This product may not yet be available for sale in your state or area. The information found in this label may differ from the information found on the product label you are using. Always follow the instructions for use and precautions on the label of the product you are using

immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.

ENVIRONMENTAL HAZARDS for TERRESTRIAL APPLICATIONS

This pesticide is extremely toxic to aquatic organisms, including fish and invertebrates. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area. This pesticide is highly toxic to bees exposed to direct treatment on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds while bees are actively visiting the treatment area.

ENVIRONMENTAL HAZARDS for INDOOR USE

This pesticide is extremely toxic to aquatic organisms, including fish and invertebrates. Do not contaminate water when disposing of equipment, washwater, or rinsate. See Directions for Use for additional precautions and requirements.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Use this product in its original container with the affixed trigger sprayer.

Use Restrictions

- Do not apply this product in a way that will contact children, adults, workers, or other persons, either directly or through drift.
- Do not apply when food is present.
- Do not use in food areas of food handling establishments, restaurants, or other areas where food is commercially prepared or processed.
- Do not apply when food is present.
- Do not wet articles to point of run-off or drip and do not water the treated area to the point of run-off.
- Remove or cover dishes, utensils, food processing equipment, and food preparation surfaces, or wash them before use.
- Remove or cover exposed food and drinking water before application.
- Do not allow adults, children, or pets to enter the treated area until sprays have dried.
- Not for broadcast use on indoor residential surfaces.

Application is prohibited directly into sewers or drains, or to any area like a gutter where drainage to sewers, storm drains, water bodies, or aquatic habitat can occur.

- Do not allow the product to enter any drain during or after application. All outdoor applications must be limited to spot or crack-and-crevice treatments only, except for the following permitted uses: treatment to soil, structures, and building foundations, up to a maximum height of 3 feet.
- Other than applications to building foundations, all outdoors applications to impervious surfaces such as sidewalks, driveways, patios, porches, and structural surfaces (such as windows, doors, and eaves) are limited to spot and crack-and crevice applications only.
- Not for use in outdoor residential misting systems and in metered release systems.
- Do not apply on plants or vegetation.
- Do not use in aircraft cabins.
- Do not make applications during rain.

A READY-TO-USE INSECTICIDE INDOORS

COCKROACHES (including adult and immature stages of both non-resistant and organophosphate and carbamate resistant strains).

ANTS, BOOKLICE, BOXELDER BUGS, CENTIPEDES, CRICKETS, DERMESTIDS, FIREBRATS, FLEAS, PALMETTO BUGS, SILVERFISH, SOWBUGS, TICKS AND WATERBUGS: Apply thoroughly by spraying until damp to all areas where these pests crawl and hide, especially in cracks and crevices, and hidden areas around sinks and storage areas, behind baseboards, around doors and windows, behind and under refrigerators, cabinets, sinks, stoves, the underside of shelves, drawers, bookcases, and areas where they occur.

ANTS: Spray until damp around ant trails, doors and windows, and other places where ants enter premises. Spray around nests hidden under steps, brickwork, concrete, and other objects where ants occur. Break apart accessible nests and spray on and around their debris.

CARPENTER ANTS: For effective control, locate and treat nests and surrounding areas. Apply until damp around doors and windows and other places where ants enter premises and where they crawl and hide. Spray into infested wood through existing openings.

BROWN DOG TICKS and FLEAS in buildings: Apply until damp in infested areas including pet beds and resting quarters, nearby cracks and crevices, under the edges of rugs and floor coverings, between and under cushions of upholstered furniture and other areas where these pest occur. Old bedding of pets should be removed and replaced with fresh bedding after treatment of pet areas. Do not use directly on pets.

SPIDERS: Apply until damp along and behind baseboards, to window and doorframes, corners, pipes, storage localities, attics, crawl spaces and other areas over which these pests may be present.

CENTIPEDES, EARWIGS, GROUND BEETLES, MILLIPEDES, MOLE CRICKETS, PILLBUGS, SOWBUGS, SCORPIONS, and TICKS: Apply until damp around doors windows and other places where these pests enter premises. Treat baseboards, storage areas, and other locations where these pests are found.

PANTRY PESTS - GRAIN BEETLES (RUSTY, MERCHANT and SAW-TOOTHED), FLOUR BEETLES (RED AND CONFUSED) CHOCOLATE MOTHS, CIGARETTE BEETLES, CLOVER MITES, CLUSTER FLIES, DRUG STORE BEETLES, ELMLEAF BEETLES, RICE WEEVILS, LESSER GRAIN BORERS, SPIDER BEETLES and TOBACCO MOTHS: Treat exposed stages of these pests. Remove all foodstuffs, utensils and shelf paper from area to be treated. Discard used shelf paper and any infested foodstuffs. Apply spray until damp to shelves and crack and crevices behind and under cupboards and cabinets. Allow spray to dry prior to replacement of shelf paper, food and utensils.

CARPET BEETLES (BLACK, FURNITURE and VARIOUS): Spray until damp on and under edges of floor coverings, under rugs and furniture and in closets or other localities where these insects are found.▯

WEBBING CLOTHES MOTHS: Use this product as a crack and crevice treatment in closets and other storage areas where these pests are found. This is an adjunct treatment and will not control moth larvae already on clothes. Do not apply to clothing.

OUTDOORS

PESTS ON OUTSIDE SURFACES OF BUILDINGS: For the control of building infestation due to **ANTS, CLOVER MITES, CRICKETS, EARWIGS, MILLIPEDES, and SOWBUGS (PILLBUGS).** Spray foundation of building until damp where insects are active and may find entrance up to a height of 3 feet. Apply as a spray to outside of buildings where insects congregate. Spray areas include screens, window frames, eaves, porches, garages, and refuse dumps. Repeat treatment as necessary.

CRAWLING INSECTS: ANTS, COCKROACHES (including ASIAN COCKROACHES) CRICKETS, CENTIPEDES and SILVERFISH. Spray infested surface until damp of patio or picnic area, contacting as many insects as possible. Also spray legs of tables and chairs to repel ants. Spray anthills for best control.

ANTS, LONE STAR TICKS, DOG TICKS, CRICKETS, FLEAS and EARWIGS: Apply thoroughly until damp to infestations. For ants spray around ant trails and hills.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

PESTICIDE STORAGE: Store in a cool, dry place. Do not store near heat or open flame.

PESTICIDE DISPOSAL AND CONTAINER HANDLING:

If empty: (pints/quarts) Do not reuse this container. Place in trash or offer for recycling, if available. (1-gal size) Non-refillable container. Do not reuse or refill this container. Triple rinse container (or equivalent) promptly after emptying. Triple rinse as follows: Empty the remaining contents into application equipment or a mix tank and drain for 10 seconds after the flow begins to drip. Fill the container ¼ full with water and recap. Shake for 10 seconds. Pour rinsate into application equipment or a mix tank for store rinsate for later use or disposal. Drain for 10 seconds after the flow begins to drip. Repeat this procedure two more times. Offer for recycling if available or reconditioning if appropriate, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.

If partly filled: Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place any unused product down any indoor or outdoor drain.

LIMITED WARRANTY AND LIABILITY

Notice: To the extent consistent with applicable law, the seller makes no other warranties, express or implied, of merchantability or of fitness for a particular purpose or otherwise, that extends beyond the statements made on this label. To the extent consistent with applicable law, the seller shall not be liable for consequential, special or indirect damages resulting from the use, handling, application, storage or disposal of this product or for damages in the nature of penalties, and the buyer and the user waive any right that they may have to such damages.
